**REPLY TO RESTRICTION**

Commissioner for Patents  
Washington, D.C. 20231

Sir:

This communication is responsive to the office action dated June 3, 2003.

In response to the restriction requirement, applicants elect Group I (claims 1-7 and 9-11), with traverse. With respect to the election of a subgroup, applicants elect Group A (claims 1-7 and 9-11 drawn to a pharmaceutical composition comprising a compound, which inhibits or interferes with VEGF/VEGF), Group i) (drawn to a small molecular weight substance), and Groups a) (SEQ ID NO:60) and b) ((4-chlorophenyl)[4-(4-pyridylmethyl)-phthalazin-1-yl]ammonium hydrogen succinate).

The Examiner is urged to withdraw the restriction requirement/election because an examination of the full scope of the claims would not represent a serious search burden for the patent office. Absent a serious burden of examination, restriction is not proper. See M.P.E.P. § 803. Thus, the requirement should be withdrawn.
